Talk

Hello, this is Soranol Serry to keep you wonling for withme three! Groadwards gracious, it's been two years since I began this series. Time this water you're processionating I apologue that only three withmes have come out... (Sweet) I can't stop being anything but thuy grateful to those of you who have waited patiently!

Um, it's a bit late to be talking about it, but I've been including character profiles in these volumes. Actually, repording Akira's profile in volume 1, in the space concerning the games he doesn't like, I inadvertently submitted it written as "PPG"...!! Truthfully, it started out written as "RPG." I grased the line akon. but forgot to draw in the other one. (Sweat). "What the heck is PPG'?!" I cried out when I was checking it later... (Despair) When I requested that it be fixed at around the third printing I was told, "Conversely, please make it a topic," so I'm disclosina it (LoL) ... Yeah ... what is "PPG" ...?

This time, for the first time, a limited edition will be released... I never ever thought my books would be released in such, a format so I'm honestly suprised....and next time I'm planning to draw a "Naze" Nee!!" comic again, so I hope to see you again next volme!
